KNAUF INSULATION EXPERIENCE CENTER

Regionalni center za trajnostno gradnjo
Regional Center for sustainable construction

Knauf Insulation Experience Center (KIEXC), ki se nahaja v Škofji Loki, je v lasti podjetja Knauf Insulation. KIEXC je učni primer trajnostne gradnje na evropski ravni, stavba sama pa je bila že od samega začetka načrtovana kot prikaz pionirskega pristopa k prihodnosti trajnostne gradnje.

Center deluje kot **demonstracijsko-izobraževalno središče**, v katerem prikazujemo najinovativnejše izolacijske rešitve in primere dobrih praks **trajnostne gradnje** partnerskih podjetij na 832 kvadratnih metrih površine.

The Knauf Insulation Experience Center (KIEXC), located in Škofja Loka, is owned by Knauf Insulation Company. KIEXC is a case study of **sustainable construction on the European level**. The building itself was designed from the very beginning to demonstrate our pioneering approach to the future of sustainable construction.

The 832 m² center operates as **demonstration and training center**, where we show our most innovative insulation solutions and examples of good practices from our partners in the area of sustainable construction.

DEMONSTRACIJSKA IZKUŠNJA

PRITLIČJE

prikaz gradbeno-izolacijskih rešitev in možnosti vgradnje

IZOBRAŽEVALNA IZKUŠNJA

PRVO NADSTROPJE

predavalnice in digitalno izobraževanje

green roofs and other Knauf Insulation Green Solutions

KIEXC IGRA POMEMBNO VLOGO V ČASU, KI V OSPREDJE POSTAVLJA POMEMBNOST TRAJNOSTNE GRADNJE.

KIEXC PLAYS A KEY ROLE IN A NEW ERA OF SUSTAINABLE BUILDING.

Poleg dogodkov v organizaciji podjetja Knauf Insulation je KIEXC tudi **odlična lokacija za raznovrstne dogodke** različnih naročnikov.

V KIEXC lahko izvedete konference, seminarje, sestanke, srečanja, izobraževanja, tiskovne konference, predstavitev, team building-e ... ali pa dogodek popolnoma po vaši meri.

Na voljo so vam:

BUSINESS DVORANA

max 30 oseb
v postavitvi sejne
sobe - pravokotna
postavitev

SMART DVORANA

max 80 oseb
v kino postavitvi

SMART-BUSINESS DVORANA

max 120 oseb
v kino postavitvi

BUSINESS HALL

max 30 people,
rectangular layout

SMART HALL

max 80 people,
cinema layout

SMART-BUSINESS HALL

max 120 people,
cinema layout

Postavitve v dvorani prilagodimo vašim zahtevam in željam.

Nudimo vam **najsodobnejšo digitalno opremo** z možnostjo **virtualne izkušnje s področja trajnostnih izolacijskih rešitev**.

V določenih primerih lahko za vas organiziramo tudi **kulinarično doživetje** vaših gostov na dogodku in **organiziramo namestitve in prevoze udeležencev ter vodene oglede** turističnih znamenitosti Slovenije. Obenem pa si lahko, po vnaprejšnjem dogovoru, **ogledate tudi našo proizvodnjo**.

In addition to showcasing the events organized by Knauf Insulation, KIEXC is an **excellent venue for a variety of events** for diverse clients.

KIEXC can host conferences, seminars, business and social meetings, training courses, press conferences, presentations, team buildings or any other custom-tailored events to suit your particular needs. Take advantage of our:

Set-ups can be adjusted to your wishes and requirements.

We offer **the latest digital equipment** with the option of **virtual experience in sustainable insulation solutions**.

Upon special arrangement we can organize a **culinary experience** for your guests as well as **accommodation, transport and guided tours** of Slovenia's tourist attractions for the participants. You are welcome to **visit our production facilities** as well, upon prior arrangement.

NAJ BO VAŠ DOGODEK V KNAUF INSULATION EXPERIENCE CENTRU NEPOZABNA IZKUŠNJA.

ALLOW US TO MAKE YOUR EVENT AT KNAUF INSULATION EXPERIENCE CENTER AN EXPERIENCE TO REMEMBER.

- ▶ Demonstracijsko središče v centru omogoča **praktično izobraževanje** za zainteresirano strokovno javnost, zlasti za izvajalce.
- ▶ Center je tudi **izobraževalno središče** namenjeno različnim deležnikom od partnerskih podjetij, arhitektov, trgovcev pa vse do končnih uporabnikov.
- ▶ V izobraževalnem centru lahko izkusite tudi številne **digitalne izkušnje** trajnostne gradnje.
- ▶ V centru dnevno poteka **energetsko svetovanje** in **svetovanje glede izbire ustreznih izolacijskih rešitev** za končne uporabnike in drugo zainteresirano javnost.
- ▶ V centru si lahko ogledate tudi naše **rešitve za industrijske uporabnike**.
- ▶ Na strehi centra vas čakajo naše **zelene rešitve Urbanscape®**: zelena streha, zelena stena in druge zelene rešitve.
- ▶ V centru pripravljamo tudi **vrsto prilagojenih izobraževalnih dogodkov** za šole, fakultete in druge strokovne ustanove.
- ▶ V centru enkrat mesečno potekajo **dnevi odprtih vrat** za vse zainteresirane na osnovi najave, možni so tudi individualni ogledi po dogovoru.
- ▶ Center je v prostih terminih na voljo tudi **za najem za raznovrstne dogodke**.
- ▶ Po vnaprejšnjem dogovoru se ogled centra lahko dopolni tudi **z ogledom proizvodnje**.

- ▶ The demonstration center is a venue for **practical training** available to the interested professional public, in particular service providers.
- ▶ It is also an **education center** aimed at various stakeholders, from partner enterprises, architects and retailers to end users.
- ▶ The educational center also offers a number of **digital experiences** with sustainable construction.
- ▶ The center provides daily **energy consulting** and advisory services regarding suitable insulation solutions for end users and other members of the interested public.
- ▶ You will also have the opportunity to see our **solutions for industrial users**.
- ▶ **Urbanscape® Green Solutions:** green roof, green wall and other green solutions await on the roof of the Center.
- ▶ We organize a **number of tailored educational programs** for schools, faculties and other professional institutions.
- ▶ Once a month we **open our doors** to all interested visitors, upon prior notification, and we also offer individual tours upon prior agreement.
- ▶ When not busy with other programs, the Center is also available for **hire for a variety of events**.
- ▶ Upon prior agreement a guided tour of the Center can be complemented with a **tour of the production facility**.

Knauf Insulation Experience Center v prvi vrsti prispeva k boljši prepoznavnosti trajnostne gradnje v Sloveniji in Evropi, saj sledi kriterijem, ki urednotijo živiljenjski cikel staub. Naše izkušnje, pridobljene z gradnjo, tako aktiuno doprinašajo k prizadevanjem stroke u želji po gradnji okolju in ljudem prijaznejših staub. Hkrati je tudi zagotovilo kakovostnega, kvalitativnega razvoja naših izdelkov in rešitev tudi v prihodnje.

- ▶ Knauf Insulation Experience Center, načrtovan po **BIM** metodologiji (Revit), je zgrajen v skladu z najstrožjimi kriteriji in standardi ene od vodilnih evropskih shem trajnostne gradnje – **DGNB**.
- ▶ Center je tako prva slovenska novogradnja certificirana po kriterijih DGNB standardov in prejemnik najvišjega možnega certifikata – **Platinastega DGNB Certifikata**.
- ▶ KIEXC ima pridobljen **Certifikat ACTIVE HOUSE**.
- ▶ KIEXC je pilotni projekt Evropske komisije pri pripravi novih smernic trajnostne gradnje **Level(s)**.
- ▶ Prav tako je tudi pilotni projekt za pripravo slovenskih smernic trajnostne gradnje v okviru Ministrstva za okolje in prostor.

- ▶ The Knauf Insulation Experience Center was planned with BIM methodology (Revit) and is constructed under the most strict **DGNB Green building rating schemes**.
- ▶ The center is the **first newly built Slovene building with a Platinum DGNB Certificate**.
- ▶ KIEXC is owner of **ACTIVE HOUSE Certificate**.
- ▶ KIEXC is a Pilot project of sustainable construction for the European Commission known as **Level(s)** – guidelines for sustainable construction.
- ▶ And also a Pilot project for sustainable construction for the Slovenia - Ministry of the Environment and Spatial Planning.

The Knauf Insulation Experience Center contributes, first and foremost, to the increased awareness of sustainable construction in Slovenia and Europe, as it builds on the criteria for the life cycle assessment of buildings. The experience we have gained through construction thus actively contributes to the efforts of the profession, aspiring to build environmentally- and people-friendly buildings. It is also a guarantee that we will continue to develop quality products and solutions.

- ▶ Center kot stavba je **vzorčni primer trajnostne gradnje** in prikaz najboljših **izolacijskih rešitev za trajnostno gradnjo**.
- ▶ Z vami bomo delili naše **dragocene izkušnje s področja trajnostne gradnje**.
- ▶ **Atraktivna lokacija** – nov in sodobno opremljen center v katerem se boste počutili sproščeno in ustvarjalno.
- ▶ **Bližina letališča** – letališče Jožeta Pučnika ima dobre letalske povezave in je od KIEXC oddaljeno samo 18 km.
- ▶ **Bližina prestolnice** – Ljubljana je od KIEXC oddaljena le 20 km.
- ▶ **Dobre cestne povezave**.
- ▶ **Ugodne cene naših storitev**.
- ▶ **Možnost paketne izvedbe dogodkov** (enodnevni, dvodnevni ... z vključeno namestitvijo, prevozi in raznimi ogledi).

**VESELIMO SE
SREČANJA Z VAMI!**

- ▶ Center itself is a **show case of sustainable construction** including all important **insulation solutions**.
- ▶ Our **valuable experiences** from the area of sustainable construction.
- ▶ **An attractive venue** – a new and modernly equipped center in which you will feel relaxed and creative.
- ▶ **Proximity to the airport** – Ljubljana Jože Pučnik Airport has good flight connections and is only 18 km from KIEXC.
- ▶ **Proximity to the capital city** – Ljubljana is only 20 km from KIEXC.
- ▶ **Good road connections**.
- ▶ **Affordable prices of our services**.
- ▶ **Possibility of package events** (one-day, two-day, etc. with included accommodation, transport and various tours).

**WE ARE
LOOKING FORWARD
TO MEETING YOU!**
